

IFC TO AUTOCAD IMPORTER

IFC to AutoCAD Importer is a data exchange tool which helps you to Import IFC files Exported from Revit, Tekla, AutoCAD Architecture, ArchiCAD, SolidWorks, Creo etc inside Inventor.

FEATURES & BENEFITS

- All IFC information including geometry, parameters, materials etc. will be brought inside Inventor.
- Compatible with Inventor - 2016 - 2021
- IFC files generated from Revit, Inventor, Solidworks, Tekla, SketchUp, ArchiCAD & AutoCAD Architecture are compatible.
- Import IFC 2*3 files inside Inventor with no loss in data.
- The tool creates all components as individual Parts. This allows the user to select individual parts to work on.
- Transfer all colours and properties as well.
- No limitation on file size of the IFC file
- Simplify your models with the user-friendly interface combined with easy operation to assist novice and experienced designers alike.
