sales@bim-dex.com

FEATURES & BENEFITS

○ Convert all your SolidWorks parts and assemblies to native SketchUp Components.

○ Export based on your desired configuration and coordinate system to obtain the required orientation inside Sketchup.

○ Choose only the custom and configuration specific properties you want to share and protect your proprietary information.

○ Obtain non-triangulated solid geometry.

○ Instantiate your parts and maintain the hierarchy inside Sketchup

○ Transfer all colours and properties as well.

○ All model information including geometry, units, materials etc. will be converted.

○ Simplify your models with the user-friendly interface combined with easy operation to assist novice and experienced designers alike.

Other Products

○ Revit to SolidWorks Exporter

○ SolidWorks to Rhino Exporter

○ SolidWorks to AutoCAD Exporter

○ Revit to Creo Exporter

○ Revit to Rhino Exporter

○ Revit to AutoCAD Exporter

○ Excel to Revit Exporter

○ Revit WGM for Windchill

○ Inventor to Revit Exporter
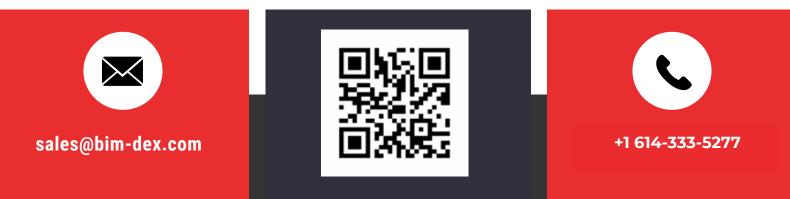

○ Creo to Revit Exporter

○ Sketchup to Revit Exporter

Worldwide Coverage

Worldwide coverage with the most professional and experienced local partners

Licensing Plans

Various licensing plans to implement across a global network

You're in safe hands

World's top engineering companies are staying competitive using BIMDeX Products
